September 2011

Dear Franklin Parents,

According to state law, schools are required to develop school improvement plans to address their academic performance. As a result of our academic performance in 2010, our school Franklin Middle School was placed on Year 1 Improvement for math and will be developing a Priority Improvement plan again this year. Our school Staff and School Accountability Committee will be working together to develop our plan and parents will have an opportunity to review the plan before we submit it to the district and/or state for approval. The development of the plan will be reviewed at our monthly School Accountability meetings as part of our regular meeting agenda, see dates below.

**We are still looking for 3-5 parents to sit on our School Accountability Committee and one parent to serve as our building District Accountability member, if you are interested in getting involved, please contact me at 348-3200.**

Parents, students and staff must work together as a team to develop a strong academic foundation for our school community. I look forward to working together to build a "P.O.W.E.R." foundation.

Sincerely,

John V. Diebold
